An Interactive Training Opportunity featuring

Certified True Colors® Facilitator Marci Chen

True Colors® is a model of personality identification that's easy to understand, remember and apply. It distills the elaborate concepts of personality theory into a user-friendly, practical tool for fostering healthy productive relationships.

Using the True Colors® program, each participant will

- Identify his/her own personality strengths
- Recognize that we're all different — yet alike!
- Consider the use of this knowledge to better understand others
- Analyze ways to adapt to another individual's personality style
- Apply True Colors® to interactions with patrons, colleagues, family and friends

About the Presenter

Marci Chen has 10 years of experience in public libraries, following a career in retail banking. At NTLP, she served as Homebound Program Coordinator (FY2011) and Overdrive Consortium Collection Specialist (FY2012). She holds an MLS from the University of North Texas, a Graduate Academic Certificate in digital content

management, and is a certified True Colors® facilitator.

Marci is currently Circulation Supervisor for McKinney's Roy & Helen Hall Memorial Library.
